[en] "Frames has written a happy new chapter for an already old story, the same old tale of craft and tradition but within a new framework of clever design that takes advantage of a different, more joyous approach to the material. The narrative of design brings traditional outdoor furniture to the inside, adding a layer of glamour to the rustic charm of the material. What was once just a seasonal story can now be told all year round. With its simple yet sophisticated aesthetic, *Frames* has all the features of a contemporary classic."
