Steel

0

**Movable model**

**Dimensions:**  
Plate height: 300 mm  
Plate thickness: 8 mm  
Foot Width: 80 mm  
Foot Depth: 200 mm  
Foot Thickness: 4 mm

**Non-slip patch.**  
Hole for fixing the panel to the surface.

**Support for surface fixation (FOR PROJECTS)**

For those projects that require a smaller support, fixed to the board directly, it can be requested from the **Sales Department**.

**NOTE:** The self-supporting pannels are supported on the surface. Special care must be taken with those table programs that have a movable top (Vital Plus family), as the screen could move with the top if this movement is used. If you wish to move the tabletop, first make sure that the screen is not on this sliding surface.
