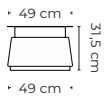
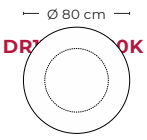
Program of tables

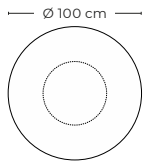
Coffee tables · Height 350 mm



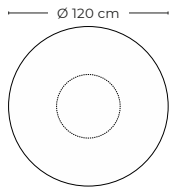
DR1S010049A



DR[illegible]0K



DR1T030100K



DR1T030120K

Technical profile

Dorik · Coffee table height 350 mm · Column height 331 mm and diameter 490 mm

Available desk-top dimensions

Ø 800 mm
Ø 1000 mm
Ø 1200 mm

1. Column made of polyethylene by rotational moulding with an average thickness of 6 mm. Available in different finishes.
2. Black injected polypropylene (PP) levellers.
3. Inner counterweight of 40 kg. Two bags of soil to be ordered separately.
4. Structure realized in sheet steel of 3 mm of thickness, like support of the work surface. Black finish

OUTDOOR

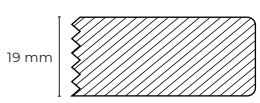
Option available for outdoor use, **provided the desk-top finishes is in compact laminate or Dekton®** and does not have electrical accessories.

Finishes available

MFC · Thickness: 19 mm with straight edge

Chipboard with melamine surface in different finishes with a thickness of 19 mm.

White | Coco Grey | Lime Oak | Light Oak | Chestnut | Dark Oak | Black anti-fingerprint



Compact Laminate · Thickness: 10 mm with bevelled edge

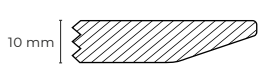
10 mm thick compact board made of wood fibres.With white or decorated high pressure laminate and bevelled edge.

Black core

Traffic White

Coloured core

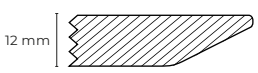
Marmo Olimpo | Pulpis Light | Samas Black



Dekton® · Thickness: 12 mm with bevelled edge

DEKTON® by Consentino, The Technical Ultracompact Stone, a sophisticated blend of raw materials used to manufacture state-of-the-art porcelain tiles. 12 mm thickand bevelled edge.

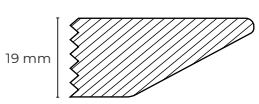
Rem White | Kelya Black



MDF · Thickness: 19 mm with bevelled edge

Medium density fibreboard laminated with natural wood in oak finish with a thickness of 19 mm and with a bevelled edge

Roble



STRUCTURE - Polythene

White | Mink | Black

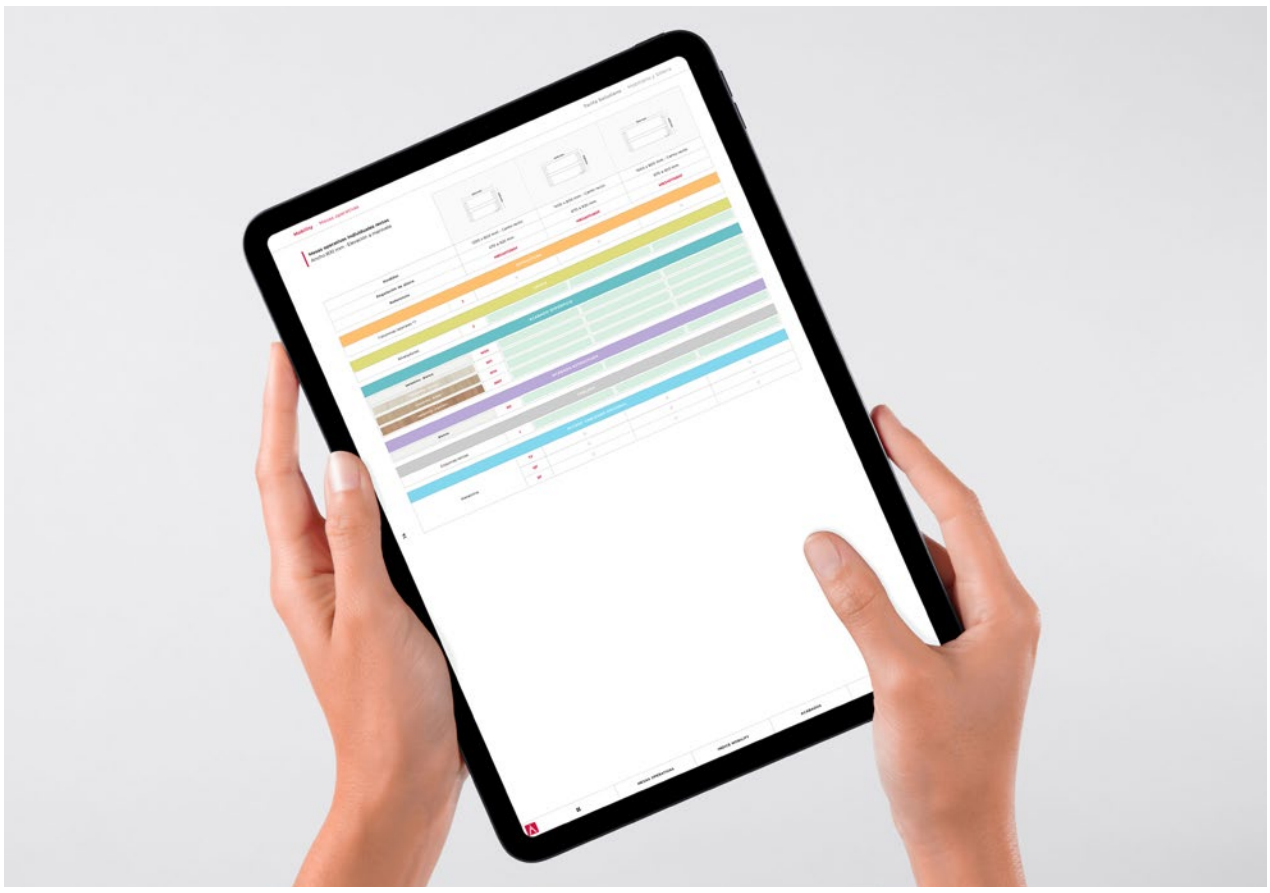
How to code a reference correctly



1. At the beginning of the coding and price tables of our price list, you will find the available models and their prices, as well as the basic reference of the product.

2. The system is designed to code vertically, adding desired components to the product by selecting the reference digits. Creating a correlation that will form the final order reference.

3. The finishes of arms, bases, optional complements, supports and upholstery will be shown in different colors so that the location of their reference and price is intuitive.

4. At the end of each table we will have legends or informative notes about the product being offered. Please read carefully to avoid confusion or mistakes when ordering.
